There must be heaven  
There must be heaven

You go your way, I'll go mine  
Must have heard a thousand times  
All cliches have run dry  
But I could never say goodbye

\*There must be heaven, there must be one  
There must be heaven, still inside of us  
There must be heaven, we're searching for  
There must be heaven, cos I don't want to  
Be without you baby

Put your hand here on my heart  
Know that we could never part  
Getting stronger day by day  
Let your love show you the way

\*Repeat

I would never hold you down but  
It feels good when you're around  
All I want is a simple life with you  
Right here to take me high

\*Repeat
