Long legs Sally's got a million moves
She broke their hearts, what could they do?
Other guys bought you, some even drool
She winks, they spend, she's cool

Junkyard Charlie brought the long term snooze
We checked the bag, it wasn't booze
Back down the alley where they play the blues
Back there, we lose

Always get the urge to go, meet the guys
And see the show, when the sun goes down
Seems we never get let down
Nothing slow about this old town
Everybody knows

Street action - born in the night
Street action - robs in the light
Street action - born in the night
Street action - ready to fight

Stand on the corner we'll take you tonight

It's alright

Stone-cold Sammy's got the tree timed right
He stepped right out
Hey what a sight
Sammy missed the Lincoln
And he ran through the light
Sammy's in traction tonight

Always get the urge to go, meet the guys
And see the show, when the sun goes down
Seems we never get let down
Nothing slow about this old town
Everybody knows

Street action - born in the night
Street action - robs in the light
Street action - born in the night

Street action - ready to fight

Street action - born in the night

Street action - robs in the light

Street action - born in the night

Street action - ready to fight

Stand on the corner it's alright
