(I know if I am hit I am easily bruised  
Know if I fit I am easily used)

Before I met you

I was sweeter than honey

Before I met you

I was cool and funny

Before I met you

I was smooth like treason

Before I met you

I was out of season

All this will probably

::/blow over//:

Before I met you

I was higher than higher

Before I met you

I was still on fire

Before I met you I was

Closer to heaven

Before I met you

I had 6 or 7

All this will probably

::/blow over//:

[Break down]

All this will probably

::/blow over//:

I know if I'm hit I am easily bruised

Know if I fit I am easily used

All this will probably

::/blow over//:
