I've got something stashed behind the she'd
Maybe you would like to see the stuff
That she misread
Yeah, you know the nights you wake and wish
That you were dead
Maybe you would like to come
And see behind the she'd

I can say for certain that I know
She's got other girls
And they will tell her where I go
I can always spot them
They have got this certain glow
She's got other girls, she's got them standing in a row.

Ah, baby's got me full of confession
Ah, baby girl is making me drown
She always seems to make an impression
Ah, baby's got you draggin' me down

She has got a dog called Suzy Q
That she always carries when they cross the avenue

Yeah, you know the nights you wake
And wish that it was you
Yeah, you know the nights you wish
That you were Suzy Q

Ah, baby's got me full of confession
Ah, baby's got me fooling around
She seems to supersize my aggression
Ah, baby girl is draggin' me down

Na na na na na now na na na now
Na na na na na now na na na now
Na na na na na now na na na now
Na na na na na now na na na now

Ah, baby's got me full of confession
(Na na na na na now na na na now)
Ah, baby girl is making me drown
(Na na na na na now na na na now)

She always seems to make an impression
(Na na na na na now na na na now)
Ah, baby's got you draggin' me down
