If you take me out rollerskating
I know everything will be fine
Angry girls are so fascinating
Kiss me once and I'll show you mine
If you take me out rollerskating
I'll forget what I came here for
Rainy days are so devastating
Baby, make me go rollerskating

If you take me out rollerskating
I know everything will be fine
Angry girls are so fascinating
Kiss me once and I'll show you mine
If you take me out rollerskating
I'll forget what I came here for
Rainy days are so devastating
Baby, make me go rollerskating

If you take me out rollerskating
I can't move like this forever
Angry girls are so fascinating
Twist your hips and skate together
If you take me out rollerskating
I can't move like this forever
Rainy days are so devastating
Twist your hips and skate together

If you take me out rollerskating
I know everything will be fine
I get tired of smiling waiting
Yeah, I'd rather go rollerskating
So if you take me out rollerskating
I will make all your dreams come true
There's no pain so excruciating
It won't help to go rollerskating
