Starry eyes, starry skies
Wouldn't feel better with you
I'll be invincible
Soon you'll be feeling it too

I've got some heartbreaking things to tell
I've got some mind blowing stuff to sell

I'll be calling you up breathing
Breathing real loud
So you can tell how much I want you
I'll be calling you up moaning
Moaning your name
So you can tell how much I want to

Lullabies, twisty lights
Feels like I'm losing it all
Butterflies, candy skies
Sweet to be out of control

You got me under your crazy spell
Led to believe all the things you tell

I'll be calling you up breathing
Breathing real loud
So you can tell how much I want you
I'll be calling you up moaning
Moaning your name
So you can tell how much I want you

Boys leeches
Girls leeches
Hands turning
Sweet yearning
Tongues clicking
Sweat sticking
Girls' peaches
Boys' beaches

I'll be calling you up breathing
Breathing real loud

So you can tell how much I want you
I'll be calling you up moaning
Moaning your name
So you can tell how much I want you

I'll be calling you up breathing
Breathing real loud
So you can tell how much I want you
I'll be calling you up moaning
Moaning your name
So you can tell how much I want to
