

Best Kept Secret "Darkroom"

Darken shadows fill my room
Swollen eyes
Sleeping longer heals the wounds
Lonely tears run dry
I turn over pictures
A painful length of time

Shattered trust from lies
Broken bonds once tied
Was i fading away from your heart?
A place where you once held me high
Confined in solitude
The emptiness inside
A part of me has died

You took me in
I held you oh so strong
One day too late
Repair the damage that's been done
And somehow i lose my mind
I somehow i lose my mind...

I'm sitting frozen in my room

My worst aversion that I've given up on you
My inspiration
My motivation
I've lost my grip and watch you... FALL!

You took me in
I held you oh so strong
One day too late
Repair the damage that's been done

Wasn't I honest?
Wasn't I there?
Didn't I listen?
Didn't I care?
Searching for you
Longing for you
A part of me is not here

Wasn't I honest?
Wasn't I there?
Didn't I listen?
Didn't I care?
Searching for you
Longing for you
A part of me is not here
