It's funny, how time flies
We've been together two years from July
Might not seem like much, but I'm impressed
No one has kept my attention this long, I confess

Girl, you are crazy cool, I swear
Your love is like a breath of fresh air
Matter of fact, if you stay fine or get fat
I don't care about that

Girl, you've got me buggin'
(Yeah)
Your loves on my mind
(Every little second)
Every minute, it's funny how you
Stop time
(Yeah)

And you've got me open
(Open)
From the thought of you
And everything I do
(Everything I do)
I do it all for you
(Think)

When I think about the day, I finally say "I do, girl"
I see you
When I paint the perfect picture, how I see my future
I see you
(All I see)

When I daydream of growin' old, how my story's told
I see you
Now what could that mean to me, it ain't hard to see
We'll always be together

No one could dare compare
Baby, were the perfect pair
When they see us they stop and stare
They see the joy we share

Girl, I'm so into you
'Cause every time it feels like new
Yes, it's true and I do want to let you know
That I'll never let you go

Girl, you've got me buggin'
Your love's on my mind
Every little second, every minute
It's funny how you stop time
(How you stop my time)

And you've got me open
From the thought of you
(From the thought of you)
And everything I do
(Everything I do)
I do it all for you
(I do it all for you)

When I think about the day, I finally say "I do, girl"
I see you
(I see you)
When I paint the perfect picture, how I see my future
(Yeah, yeah)
I see you
(I see you)

When I daydream of growin' old, how my story's told
I see you
Now what could that mean to me, it ain't hard to see
We'll always be together
(We'll always be together, baby)

When I think about the day I finally say "I do, girl"
(When I think of the day I finally see)
I see you
When I paint the perfect picture, how I see my future
(No, no)
I see you

When I daydream of growin' old, how my story's told
I see you
(Wanna grow old with you, baby)
Now what could that mean to me, it ain't hard to see
(Oh, no, no, no, no)
We'll always be together

Feelin' this way, I might as well stay
Here beside your love forever, girl, come what may
'Cause feelin' like this, I might as well give in
Live inside your love forever, no matter what, girl, I

Think when
(I think when)

When I think about the day I finally say "I do, girl"
(I do)
I see you
(When I think of the day I finally say it)
When I paint the perfect picture, how I see my future
(All I see is you)
I see you

When I daydream of growin' old, how my story's told
(Yeah, oh, yeah, yeah)
I see you
Now what could that mean
(Mean)
To me
(To me)
It ain't hard to see
We'll always be together
(Baby)

When I think about the day I finally say "I do, girl"
(I do)
I see you
(I do)
When I paint the perfect picture, how I see my future
I see you
(When I paint the perfect picture)

When I daydream of growin' old, how my story's told
(Yeah, baby)
I see you
Now what could that mean to me, it ain't hard to see
(You)
We'll always be together
(Yeah, yeah)
