Come God of light meet my God of darkness
And fuck in the abyss that is thy grave of mind
Oh the impurity of light shall touch the black
And all your gods shall die

Drenched in fuck
Bloody cunted whore
Your world is damned
Rot in bloodsoaked mourning

Lava awaits below
Morality's funeral pyre
Black seas smash your shores
Dead children for the fucking fire
Fuck everything you place on high
And regard as fucken holy truth
Satanas wrath is victory

Repeat 1st & 2nd Verses

Abraxas, Satan and God
To worship him is death
A God beyond death

Heaven shall spit blood in your faces
And the blood shall flow into the earth
And the earth shall berent asunder
At the graveyard of God.
