[Lyrics by: Skullfucker]

Break Through The Shell of Man  
Unveil The Trinity of Soul  
Compel Beyond The Dismal Light  
Grasp Darkness Inhumane  
Dispelling All That Is Clean  
All In Homage To The Goat  
How Will It Take To See  
The Demise of All Humanity

Heaven Shall Weep And Burn,  
It's Hell on Earth

HAIL! The Mighty And The Proud  
Victors of The Earth  
Evil unto creed HAIL!  
Immoral Is Our Way  
A Never Ending Path  
To Infinity HAIL!  
Purveyors Who Summon Might  
Rulers of The Night  
We Gloat HAIL!  
Burn The Godly And The Weak  
Hterzan Shall Bleed  
We Laugh Aloud CUNT !!!

[Repeat]
