God knows how I adore life  
When the wind turns on the shores lies another day  
I cannot ask for more  
When the time bell blows my heart  
And I have scored a better day  
Well nobody made this war of mine  
And the moments that I enjoy  
A place of love and mystery  
I'll be there anytime  
Oh mysteries of love

Where war is no more  
I'll be there anytime  
When the time bell blows my heart  
And I have scored a better day  
Well nobody made this war of mine  
And the moments that I enjoy  
A place of love and mystery  
I'll be there anytime  
Mysteries of love  
Where war is no more  
I'll be there anytime
