Captain
Could you feed me
Cause I'm starving for some Daylight
Poor me
Always falling
Now I'm calling you to take flight
My head is a court
For the darkness
While needles go straight
For the joint
I can't seem to win
Many games here
In fact, I've forgotten
The point
Go way
Go out
Lady !
If you see the lady
Tell her that I'm alright
Better not yet
Cause she's boney
To the phone and
Does she wear her reasoning
Skintight
Cause moonlight can read
In a heart beat
Where you and now me
Chose to be
Take hold of the cold
And the pressure
The force of her truth
Is the key
Chorus
Captain,
I'm ready, you can send me back
A full moon
I was born there
I was graceful
I was steady, you know ?
This moment here's not too soon
I'm full of a fire
For all things

And blaze through the haze of "you should"
Cause going where no one
Has else been
Is something of love
That I would
Chorus
