There's sleep in your eyes
Dawn gone - time to rise
They call this the "big world"

All that I found
Til now - confounds
Ohhhh, baby girl

To care's worth the dare
I wouldn't lie to you
I'd rather die

Why don't you go on and try that then ??
HMMMMMMMMMM ?

No nest in this sidewalk
No nest in the sensation
I got a home

No rest in the complacency
You call hope

Hired then I'm fired
So fucking tired of
Screeching so-called teachers

Lying "Life Beth, is death desired"
Sit down...

Yeah you !

I like my, I want my,
I need my nest sensation
It feeds me, it fills me
It's deep this nest sensation
You charm me than harm me
Disarming nest sensation
Control me to hold me
Complete me nest sensation

No nest in this nicotine
No nest in the sensation

Blowing rings of smoke

No rest in the complacence
Flowing me 'vo
Down below
Why do you kill you ?
Where is your will
And the dreams choking in your pillow ?
They're dizzy and I'm
broken, broken, broken
Bro...

Chorus

No nest in his bedroom
No nest in the sensation
Oooohh I gotta man

No nest in the complacence
I'm in demand

Why do you fight ?
You already won
Don't you trust me ?
Your time is coming

And then you'll know some real loving!

Chorus
