Knock hard, I can't hear anymore  
I've been wasting on a whisper  
Jump start, all this flesh on the floor  
Just like in bowling when he finally ...

Checking out a fancy  
With no time to skip the beat  
Checking out a fancy  
Sweet!

Tucking in the waved heat and  
My back begins to wave

Hey kevin guess what?  
You just sent me to heaven  
Don't mind you  
Now you're mr. blue

Pouring me jugs of juice  
For the diary  
I'm back to jamaica  
Feeling irey

Loving in the seventh  
Lots of sharps and flats to play  
Loving in the seventh  
Day

Keep your faith in the right  
You might swing and start to sway
