"Silent Song"

Streaming beams of silence
Sweeping down on a crowded room
Catch the flip side to violence
Could it be a change of mind

Catching speed, catch attention
As it beaks up all the lines
Not to worry just to mention
You can own at an time

Generation baby
Grab the reins
We've been your leaders
We've been bad

No more mental whoopings,
Whips or chains
Cheating you was just a fad

Screaming beams of silence
Lying down on an empty floor
Did you miss out the first time?
Could you use a little more?

Catching speed, catch attention
As it beaks up all the lines
Not to worry just to mention
You can own at an time

Generation baby
Grab the reins
We've been your leaders
We've been bad

No more mental whoopings
Whips or chains
Cheating you was just a fad
