I used to hide behind the curtains of my living room
Everytime I thought about you coming to my door
I would hang up the phone before you ever said hello
And dash into another aisle when I'd see you at the
store

I was afraid
I was afraid
I was afraid of love
I was afraid
I was afraid
I was afraid of love

One day I noticed I was looking for your face in crowds
And wondered if in fact you had forgotten about me
I waited by the phone to see if you would call again
And watched out of my window with my head upon my
knees

I wanna fall
I wanna fall
I wanna fall in love
I wanna fall
I wanna fall
I wanna fall in love

Now I see love everywhere I go

Its in the songs on the radio
An old couple sitting in the park at noon
Eating heart shaped cookies
Oh god what did I do?

Then came the day that I had secretly been wishing for
You walked into a coffee shop where I was having tea
I glanced into your eyes, my body started panicking
Then suddenly your head came down and kissed me
on the cheek
From there its all a blur, I cant remember what you said
I just kept staring at your lips, repeating in my head the
words

I am in love
I am in love
I am in love with you
I am in love
I am in love
I am in love with you

Ooo ooo ooo ooo

I am in love
In love with you
