You can't live if you have nothing to live for, you only  
live to rot  
Another day.  
You won't die if you die for nothing, never looking  
back, we will remain.  
You look like you have nothing to live for, you only live  
to rot another  
Day.  
You won't die if you die for nothing, never looking  
back, we will remain.  
I'll fight this war waged for your approval. In with the  
new, out with the  
Old. Now I'm the only one whose judgement matters.  
I'm sorry I have failed  
You when you've been by my side since the beginning.  
Where has all the time  
Gone?  
Unconditional loyalty. Throw everything earned away to  
gain one thing worth  
It all.  
You can't live if you have nothing to live for, you only  
live to rot  
Another day.  
You won't die if you die for nothing, never looking  
back, we will remain.  
Two decades later, this is all I have to show after  
you've given me  
Everything. In the end, my life is yours. Now I know I  
owe you the world,  
Every second, no more lost time. My time is found our  
time is right now.  
Illuminate the sky, the above, a sign that we've reached  
the top. No  
Looking down, no looking back. This is what I'll live and  
die for.  
This is what I'll live and die for [2x]  
I'll die for you. I'll die for this  
You can't live if you have nothing to live for.  
You can't live if you have nothing to die for
