The city lights burn dimmer now  
Because they'll always remind me  
Of what we've lost  
I couldn't face the truth but inside I knew  
You're gone

And there's no sense to be mad  
Just the loss remains  
We couldn't face the truth but inside we knew  
You're gone

My friend we say goodbye  
You have our deepest love  
You're always in our hearts  
And we will not forget, no

A smile that could light the room  
And a spirit that embraced the world  
You lived so much life in such short time  
And we will not forget

Thank you for everything  
Our lives forever changed by knowing you  
And we will not forget  
The true kindness of your heart  
All that you achieved  
All the lives you touched  
My friend we say goodbye
