Because Of You lyrics

Send "Because Of You" Ringtone to your Cell

I'm in a world of pain, (a world of pain)

Laying in a dark cold cell (a dark cold cell)

I am crying, begging for more, (I want more)

More than nothing

You said you were such a good friend,

So get this pain out of my head

You said me that you would help me

And I did what you said

You said that we were friend

So get this pain (out of my head)

There is no escape

I know that I can change

Take it away

Turning it all grey

Please, no more pain, please, no more pain

All my blood is boiling

Please, no more pain, please, no more pain

My body is burning

I feel like every bones I own are going to break

I'd do, whatever it takes

I feel like my bones are going to break

I would do whatever it takes

Please help me

Definitely want it more than anything

Definitely want it more than anything

You said that we were friend

So get this pain (out of my head)

There is no escape

I know that I can change

Take it away

Turning it all grey

But now it's done

I may lie, I may cry
It doesn't matter, I'm free now
I'm free to smile, I'm free now
I'm free for once, I'm free now

We scream loud, we pray hard
Because it's done now
