I've been waiting all my life for someone like you
Do you like me
Am I pretty

You've got all the things I'm looking for, you're perfect
Do you see me
Am I pretty

Chorus
And I've been watching you for quite a while
I like your smile
Your last name doesn't sound so bad with mine
Shivers down my spine

She's been waiting all her life for someone like you
Soft and seething
Is she pretty

You've got all the things she's looking for, you're
perfect
Barely breathing
Is she pretty

Chorus
And I've been watching you for quite a while
I like your smile
Your last name doesn't sound so bad with mine
Shivers down my spine

Just take the brick and throw it in the hive
I'm by your side
The shovel buries, makes another space
Time to replace

Bridge
Who's that you were kissing in the garden
Who's that you were kissing in the park, it was after
dark
All the glass has finally shattered
A melted heart

I've been waiting all my life for someone like you

Do you like me
Am I pretty
