All of a sudden all the past was behind me  
All of a sudden nothing stood to remind me  
All of a piece I am awake and I can say

All of a sudden I am finding religion  
All of a sudden all my sins are forgiven  
Now all at once it is down to you and me

I see light over there at the end of the tunnel and  
I don't mind if it takes a little more time  
Come over here, don't take your hand away  
Come over here, take my breath away  
Now is the time to say what you want to say  
(It's not a dream, this is really happening)

All of a sudden, now baby, it's love  
All of a little just isn't enough  
All of a sudden, now baby, it's real  
All of the riddle comes perfectly clear

All in a moment, I was brought through the darkness  
All in one motion like the sun through the forest  
Oh, by the grace I am alive and I will live

All of a sudden I am cleared of confusion  
All of my happiness is real, not illusion  
So many years, I had to seek so I could find

I see light over there at the end of the tunnel and  
I don't mind if it takes a little more time  
Come over here, don't take your hand away  
Come over here, take my breath away  
Now is the time to say what you want to say  
(It's not a dream, this is really happening)

All of a sudden, now baby, it's love  
All of a little just isn't enough  
All of a sudden, now baby, it's real  
All of the riddle comes perfectly clear

Come over here, don't take your hand away  
Come over here, and take my breath away

Now is the time to say what you want to say  
(It's not a dream, this is really happening)

All of a sudden, now baby, it's love  
All of a little just isn't enough  
All of a sudden, now baby, it's real  
All of the riddle comes perfectly clear

All of a sudden, now baby, it's true  
All of a sudden I believe in you  
All of a sudden, I'm fooling around  
All of a sudden, I know what I found  
I know what I found  
I know what I found  
I know what I found

All of a sudden  
And all of a sudden  
And all of a sudden
