I've had my fun
Had my day in the sun
Now my body's a map
Of a cracked Arizona

Time runnin out
And I'm melting away
Melting Away
I'm a human candle

If you see me comin, start runnin
I'm the one you love
If you see me cryin, start lyin,
I'm the one you love

Failing to plead
With a throst full of dust
Life falls asleep
In a fetal position

My skull is an egg
Like a flash in the pan

A heavenly meal
For the animal angels

If you see me comin, start running
I'm the one you love
If you see me cryin, start lyin
I'm the one you love

Gravitypulls my face, pulls my skin
Gravity why so soon, whats the rush
Gravity pulls me down, underground
Gravity hunt me down, make the kill

If you see me comin, start running
I'm the one you love
If you see me cryin, start lyin
I'm the one you love
