Tense, is what I felt inside of my head on Monday  
I had to prove my research  
Who's coming?  
Y'know it doesn't make any sense how I keep  
Losing all my t-shirts

The sun shines in other skies  
The moon rise, I'm hypnotised  
Who's coming through the window?

Take a look around, take a look around  
There's a lot to see  
I got an eight-foot man on the side of the road singing I  
can count to three!

Y'know it happened once again last Thursday  
And viva la resistance

The sun shines in other skies  
The moon rise, I'm hypnotised  
Who's coming through the window?

Take a look around, take a look around  
There's a lot to see  
I got an eight-foot man on the side of the road singing I  
can count to three!

Lighten up, to enlighten up, lighten up, to enlighten up

Take a look around, take a look around  
There's a lot to see  
I got an eight-foot man on the side of the road singing I  
can count to three!
