Beyond that road lies a shining world
Beyond that road lies despair
Beyond that road lies a world that's gleaming
People who are scheming
Beauty! Hunger!
Glory! Sorrow!
Never a pain or care
I'm liable to find a couple of surprises there
There's a song I must sing
It's a well-known song
But the tune is bitter
And it doesn't take long to learn!
I can learn!
That pretty little world that beams so bright
That pretty little world that seems delightful
Can burn!
Let me learn! Let me burn!
For, I can see it!
Shining somewhere!
Bright lights somewhere invite me to come there
And learn!
And I'm ready!
I can hear it!
Sirens singing!
Inside my ear I hear them all singing
Come learn!
Who knows, maybe
All the visions that I see
May be waiting just for me
To say take me there, and
Make me see it!
Make me feel it!
I know it's so
I know that it really
May be!
Who knows, maybe
All the visions that I see
May be waiting just for me to say
Take me there
And make see it
Make me feel it
I know it's so

I know that it really
May be!
Let me learn!
