I made you think  
You don't understand  
But remember I'm only doing  
The best I can

Every little thing I do  
I'm just trying to get  
Closer to you

(Nearer, nearer)

I'm sorry if I seem, ooh, yeah  
A little bit stubborn sometimes  
I hope I'm not being  
A nuisance to you

I know you said  
That you'd be home soon  
I got to be nearer  
Nearer to you

Every little thing I do  
I'm just trying to get  
Closer to you

(Nearer, nearer)

Every little thing I do  
I'm just trying to get  
Closer to you

I got to be nearer  
Nearer to you
