Funniest pair of eyes I've ever seen
Funny I can't get wise to what they mean
I wish that I could understand the things you say
Each time I try to go, you seem to make me stay

Maybe it's just because you like to flirt
Maybe you want to see my feelings hurt
You got me running around you like a child
Someday you're gonna drive me wild

So what do you want to make those eyes at me for?
When they don't mean what they say
They make me glad, they make me sad
They make want a lot of things I've never had

So what do you want to fool around with me for?
You lead me on and then you run away
But never mind, I'll get you alone some night
And then you'll surely find you're flirting with dynamite

So what do you want to make those eyes at me for?
When they don't mean what they say

What do you want to make those eyes at me for?
When they don't mean what they say
They make me glad, they make me sad
They make want a lot of things I've never had

So what do you want to fool around with me for?
You lead me on and then you run away
But never mind, I'll get you alone some night
And then you'll surely find you're flirting with dynamite

So what do you want to make those eyes at me for?
When they don't mean what they say
When they don't mean what they say
When they don't mean what they say
