I'll wait till the end
Of all time if need be
I'll wait for the day
When you say you need me

Each moment you're gone
My love will live on
I'll wait

I know how it is
And you can't be free now
I know deep inside
That it can't be me now

But while we're apart
You'll know in your heart
I'll wait

Other lips may be ready to kiss you
Other arms may hold you tenderly
But until the day that you see the way
And hurry back to me

I'll wait all alone
And I won't regret it
My heart will be free
Till you come and get it

What more can I do
I love only you
I'll wait

I'll wait (yes, I'll wait)
All alone (all alone)
And I won't regret it
My heart (oh, my heart)
Will be free (will be free)
Till you come and get it

What more can I do
I love only you
I'll wait
