There'll be no strings to bind you hands
Not if my love can bind your heart
And there's no need to take a stand
For it was I who chose to start

There's no reason to take me home
I'm old enough to face the dawn

Just call me angel of the morning, angel
Just touch my cheek before you leave me, baby
Just call me angel of the morning, angel
Then slowly turn away from me

Maybe the suns light will be dim
But it wont matter anyhow
If mornings echo says, we've sinned
Well, it would what I would give now

And if we're victims of the night
I won't be blinded by the light

Just call me angel of the morning, angel
Just touch my cheek before you leave me, baby
Just call me angel of the morning, angel
Then slowly turn away

I'm not gonna beg you to stay here with me
Through the years, of the days, of the years, baby,
baby

Just call me angel of the morning, angel
Just touch my cheek before you leave me, baby
Just call me angel of the morning, angel
Just touch my cheek before you leave me, baby
