I never had a love to call my own
I was about to give up
And then you came along

Just to have your tender kiss
Thrills me for days and days
I don't care what nobody says
I want you for always

Now that I found you
I want to stay around
So make me yours
Make me yours

You already captured
My heart and my soul
Now I want you
To take full control, yeah

I need the love
That only you can give
If I can't have it
I don't want to live, no

I never had a love so sweet
I never thought I'd be
Lucky enough to meet

A guy with all your charms
To hold me with loving arms
Make me feel secure and warm
Caused my heart to run

Now that I found you
I wanna stay around
So make me yours
Make me yours

Ooh, now that I found you
I wanna stay around
So make me yours
Make me yours

Take me, baby
If you want me to be
So whatever you need
You can always find in me

Yeah, love me, baby
And keep me by your side
Wherever you go
I'll go and be satisfied

All of my friends
Said, girl, don't
But I know what I need
And I know what I want

I want to be yours
You're the only one
And I will give to you
Happiness in return

Because what you need
Baby, I've got it
What you've got
I'm just crazy about it

If you're looking for a love
That you'll never get tired of
Make me yours, make me yours

Baby, make me yours
Not just for a little while, baby
But forever, my darling
Make me yours
I wanna be yours
