You have all wept once moreâ€¦ why?
I would never ask for such. Go.
I have realized for once in my existence my true
happiness.
This is a first time for meâ€¦ I feel innocent, caring,
and non-threatening.
Reincarnation for a better lifeâ€¦ becoming one with
true harmony.
No gods have caressed or burned me, only nature is
willing to comfort me.
Salvation is dead and all of you have passed away with
me today.
I will never have to entertain or please any of you ever
again.
I am alive. My memory is the only thing keeping the old
tears in my eyes.
I still know that all of you are taking for the sake of not
leaving.
You are killing the innocent for your so-called nutrition.
You are infecting our lands with your filth.
You are killing for the sake of your promotions in life.
One day we will all be in this soilâ€¦
With no gods to slave to, and no heroes to kill for.
