Ohhh no

Everybody needs affection
Looking for a deep connection
So put a little bit of love in my life today
Everybody needs some shelter
Let's spend a little time together
Come into my arms
Let them tell you what I wanna say

Color my world
Draw on my heart
Take a picture of what you think of love
Looks like in your imagination
Write on my soul everything you know
Use every word you ever heard
To color my world

Yeah yeah

I've had enough of not believing
Living life without a meaning
I want something real
And I feel it when I'm next to you
Let's vow to have some love and devotion
Winner to my heart's emotions
Until the very end
It's the place I'm gonna keep you in
Yeah yeah yeah yeah

Color my world
Draw on my heart
Take a picture of what you think of love
Looks like in your imagination
Write on my soul everything you know (no no)
Use every word that you ever heard
To color my world

Color my world
Yeah

Let's make a world for you and me yeah
That we're never gonna leave (yeahh)

Color my world (why won't you color my world?)
Draw on my heart (yeahh)
Take a picture of what you think of love
Looks like in your imagination
Write on my soul (write on my soul) everything you
know
Use every word you ever heard
To color my world (color my world)

Ooh ooh (oh no no)
Won't you do it?
Won't you color my world?
Ooh ooh (ooh ooh)
Ooh ooh (ooh ooh)
Use every word you ever heard
To color my world

Everybody needs affection
Looking for a deep connection
Ohhh
Color my world
