Open up
Your heart to me
And say what's on your mind
I know that we have been thorough so much pain
But I still need you in my life, this time

Chorus
And I need you tonight
I need you right now
And I know deep within my heart
It doesn't matter if it's wrong or right
And I see Heaven in your eyes

I figured out what to say to you
Sometimes the words come out all wrong
And I know in time you will understand
And what we had is so right this time

Chorus

All those endless times we tried
To make it last forevermore
And baby I know
I need you

I know deep within my heart
It doesn't matter if it's wrong or right
I see heaven

Chorus

'Cause I see heaven
In your eyes
