It's in the silences,
The words you never say
I see it in your eyes,
It always starts the same way
It seems like everyone we know is breaking up
Does anybody ever stay in love, anymore?

I promise you,
From the bottom of my heart
I will love you till death do us part
I promise you as a lover and a friend
I will love you like I never love again
With everything I am

Ooh I see you look at me,
When you think I'm not aware
You're searching for clues,
Of just how deep my feelings are.
How do you prove the sky is blue, the oceans wide?
All I know is what I feel,
When I look into your eyes

I promise you,
From the bottom of my heart
I will love you till death do us part
I promise you as a lover and a friend
I will love you like I never love again
With everything that I am ooh yeah

Oh there are no guarantees
That's what you always say to me
But late at night I feel the tremble in your touch
Oh what I'm trying to say to you,
I never said to anyone I promise

I promise you,
From the bottom of my heart
I will love you till death do us part
(I do my darling I promise you)
I promise you as a lover and a friend
I will love you like I never love again

With everything I am I promise you,
From the bottom of my heart
I will love you till death do us part
(I love you I love you I love you I love you)
I promise you as a lover and a friend
I will love you like I never love again
With everything I am

You're everything I am oh yeah
With everything I am
