Away
Internationally
Away

Chorus:

Away
I just wanna take you everywhere that I go
Girl I want you in a plane in a seat right next to mine
Get witchu right after my shows
Baby I could give you ways
Come on girl, lets fly
Away
Internationally

Now I don't usually meet under these circumstances,
but...
You're like the perfect girl with the perfect skin, so...
I'm just too scared to know that I'm gonna leave without
you girl (?)

You can call me a man

Bridge 1:

Because I know
That this aint the kind of love that could just take
One night and then it's over
Girl I know
I aint never fell in love so quickly
Baby please come with me
All you need is my love in a bag

Chorus

Girl I can think of only one and no one else and dance
to you
Were like the perfect team
No matter where I go you gotta roll
I bet they know about you and I'm not leaving without
you girl (?)

And I don't need to read your mind

Bridge 2:
Because I know
That you want to see the world
And I could say that all I need is
One night and then well be closer
And I know
I aint never fell in love so quickly
Baby please come with me
All you need is my love in a bag
