

Backseat Goodbye "January"

Do you remember the time I said goodbye?
You looked at me like you might cry
yeah, we were both young fools

And we took our time with the January air
and you said that I really don't care
cause we are meant to be together
ohoh

Do you think that you are the only one
that sits alone in the January sun?
and said
just another lover
It's lost in line but I have a good time
and it hurts right now but I'll be fine
no you're not
no you're not
cause I'll follow that before
I think think you got it
I think you mighta saw it in me
I think think you got it
I think you mighta saw it in me
but you didn't wanna do that
no you say you didn't wanna go there no oh

I think think you got it
I think you mighta saw it in me
I think think you got it
I think you mighta saw it in me
but you didn't wanna do that
no you say you didn't wanna go there baby
January carried me away
January carry us away
to something better
something warmer
something higher
something brighter than
this.
January carried me away
January carried me away
January carry us away
to something better

something warmer
something higher
something brighter than
this.
