I love you with everything that's in me
Did you know that?
You'll be the first that's ever been so close
You should know that
I've been loving you since the beginning
For what it's worth I've always been waiting for this
moment

One special night for one special girl
Let's make love like it's our last day on Earth
With everything I am I promise it will be
Much sweeter than you ever could dream
Let's do it tonight baby
Let's do it for love

Never had a reason to believe that love would find me
It must've known something that I didn't know
And you showed me that if I had a chance to go to
heaven
Girl I'd stay here cause nothing could make me miss
this moment

One special night for one special girl
Let's make love like it's our last day on Earth
With everything I am I promise it will be
Much sweeter than you ever could dream
Let's do it tonight baby
Let's do it for love

I can't think of any place I'd rather be than here with
you
When I hold you close to me feeling every bound of
your heartbeat, baby
It's the way you look into my eyes
That lets me know just what you wish it's for a night like
this

One special night for one special girl
Let's make love like it's our last day on Earth
With everything I am I promise it will be
Much sweeter than you ever could dream

Let's do it tonight baby
Let's do it for love

Let's do it tonight baby
Let's do it for love
