CHORUS

As the world goes round, round, round,
Let the beat go down down down
Can we stay up all night,
Cuz we can sleep all day,
Everybody can come out to play,
Lemme hear ya say... yeah yeah yeah...

How did we get here, it feels like m fallin' off the
ground,
Love is the only place, now m getting scared of looking
down,
Lets go,, aah aah.
I got so hot that I don't feel anything baby,
Aah aah,
And get this spot, let me get u by my side,
Aah aah
It's about to get crazy I wanna get crazy with me,
Hold on, time...

CHORUS

As the world goes round, round, round,
Let the beat go down down down
Can we stay up all night,
Cuz we can sleep all day,
Everybody can come out to play,
Lemme hear ya say... yeah yeah yeah...

We get lost in space,
We don't need nobody, to get lost in space,
Show me how you rock it baby,
Lost in space, we don't need nobody,
To get lost in space,
Lost lost in space,

Feels like I'm crushin',
I crash slowly into you,
Love the attraction I loving everything you do,
Aah aah.
I got so hot that I don't feel anything baby,
Aah aah,

And get this spot, let me get u by my side,
Aah aah
It's about to get crazy I wanna get crazy with me,
Hold on, time...

CHORUS

As the world goes round, round, round,
Let the beat go down down down
Can we stay up all night,
Cuz we can sleep all day,
Everybody can come out to play,
Lemme hear ya say... yeah yeah yeah...

We get lost in space,
We don't need nobody, to get lost in space,
Show me how you rock it baby,
Lost in space, we don't need nobody,
To get lost in space,
Lost lost in space,

We don't need nobody, to get lost in space,
Show me how you rock it baby,
We don't need nobody, to get lost in space,
Show me how you rock it baby,
Lost lost in space,
Lost lost in space,
Lost lost in space,

As the world goes round, round, round,
Let the beat go down down down
Can we stay up all night,
Cuz we can sleep all day,
Everybody can come out to play,

To get lost in space,
Lost lost in space,

Show me how you rock it baby,
We don't need nobody, to get lost in space,
Show me how you rock it baby,
Lost lost in space,
Lost lost in space,
Lost lost in space
