Nick Carter - Love to love

Feels so good, when ya love me like you should
I'd stay forever here with you, if I knew that I could
I know inside, got my heart open wide
I want them all to see you and me, we're together side
by side

Crazy, you made me
Over you
Girl it's true

Love to love the way that you love me
You're such a part of me I feel, I can see that it's real to
me
And whatever it must be, as long as you love me
I'll still be in love, love to love the love

Can't get enough, of all I can't think of
You've been on my mind all the time, baby girl ya give
me love
Please don't change and subject me to such pain
Couldn't do what I do if I live without you, I would never
be the same

Crazy, you made me, over you, girl it's true cause I

Love to love the way that you love me
You're such a part of me I feel, I can see that it's real to
me
And whatever it must be, as long as you love me
I'll still be in love, love to love the love

Baby, there's one thing you should know
You had me when you said hello
No, I'll never let you go
No, No, O-o-o-h, Yeah

Love to love the way that you love me
You're such a part of (Me I feel) me I feel, I can see
(Ooh, that it's real)

That it's real to me
And whatever (It must be) it must be, as long as you
love me (Ooh, Yeah)
I'll still be in love, (Love to love the lo-o-o-ve) love to
love the love

Love to love the way that you love me
You're such a part of me I feel, (Ooh) I can see (That I
love the love you gave
Me) that it's real to me
And whatever it must be, (Oh, as long as you love me)
as long as you love me
I'll still be in love, (Love to love the love) love to love the
love

Love to love the way that you love me (Love to love the
love, yeah)
You're such a part of me I feel, (Love to love the love) I
can see that it's
Real to me
And whatever it must be, as long as you love me
I'll still be in love, love to love the love
(Fade Away)
