This scenes so hypnotic
Smoking mirrors, lights and magic
Paper faces in gold
There's solider boys, beauty queens
Everyone's a mystery
It's got me losing control

Yearning, I'm yearning for the one to steal my eyes
Wanna play in this game of disguise

It's a masquerade, a love parade
So won't you stay and dance with me
All through the night and day
My masquerade, I need you baby
So stay with me tonight

Masquerade, Masquerade, Masquerade, Masquerade
Masquerade, Masquerade, Masquerade, Masquerade

Just like a perfect dream
I don't ever wanna leave
A thousand freaks in the show
One's a tiger, one's a lynx
One's a king that suffering
Moving high, moving low

Burning, I'm burning, can't you see it in my eyes?
Wanna play in this game of disguise

It's a masquerade, a love parade
So won't you stay and dance with me
All through the night and day
My masquerade, I need you baby
So stay with me tonight

Masquerade, Masquerade, Masquerade, Masquerade
Masquerade, Masquerade, Masquerade, Masquerade

I gotta know the girl behind the mask
Let me in, where you been, don't pretend
Dreamed that I had her alone

Show your face to me, we could be everything

It's a masquerade, a love parade
So won't you stay and dance with me
All through the night and day
My masquerade, I need you baby
So stay with me tonight

It's a masquerade, a love parade
So won't you stay and dance with me
All through the night and day
My masquerade, I need you baby
So stay with me tonight

Masquerade, Masquerade, Masquerade, Masquerade
Masquerade, Masquerade, Masquerade, Masquerade
