

## Backseat Goodbye

### "Missing You"

Visit "[Missing You](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Oh baby, I'm missing you  
We used to love so strong  
Tell me where did we go wrong  
Oh baby, I'm missing you  
They say I'll learn to forget  
But it sure ain't happened yet

Been checking out the places where we used to go  
I've been looking for your face inside the crowd  
I've been talking to the people that we used to know  
But nobody wants to say where you hang out

And when I call your phone  
Seems like you're never ever home  
And you don't return my calls  
It tears me apart  
It's breaking up my heart

Oh baby, I'm missing you  
We used to love so strong  
Tell me where did we go wrong  
Oh baby, I'm missing you  
They say I'll learn to forget  
But it sure ain't happened yet  
Sure ain't happened yet

I still have your pictures hung around my room  
They're the only thing that's left of you and me  
Girl, what can I do to make you come back soon  
And make it just the way it used to be

Oh, is there someone new?  
Can never go on without you  
Girl, I don't wanna think about it  
I can't sleep at night  
No, this can't be right  
Come back into my life  
(Come back, baby, come back)

I'm missing you  
We used to love so strong

Tell me where did we go wrong  
Oh baby, I'm missing you  
They say I'll learn to forget  
But it sure ain't happened yet

I know there's a chance for you and I  
And I believe there's no way our love could die  
So no matter how long it takes I'll wait for you  
And whatever it takes I'll be there for you  
I'll be there  
I'll be there

I'm missing you  
We used to love so strong  
Tell me where did we go wrong  
Oh baby, I'm missing you  
They say I'll learn to forget  
But it sure ain't happened yet

Oh baby, I'm missing you  
We used to love so strong  
Tell me where did we go wrong  
Oh baby, I'm missing you  
They say I'll learn to forget  
But it sure ain't happened yet

But it sure ain't happened yet  
But it sure ain't happened yet  
Sure ain't happened yet  
But it sure ain't happened yet...
