Weird world, weird world
Hey hey hey

The sun is over the city but it's an orange day
There is reason for looking up but I'm feeling down
You see I've got to catch a plane, won't buy a ticket
Cause it's hard to stop when you're spinning around

It's a weird world don't you know it?
It's a weird world and it won't slow down
It's a weird world no matter how you roll it

Hey hey hey sweet baby
There's a way, just stand up and fight it
Hey hey hey
Never give up and don't let it wear out, your love
It's a weird world, yeah

Sent a message to a GI in the desert
Said thank you man for bringing another dawn
Back here it's her and me and we're having our first
baby
He's out there taking them on

It's a weird world and I know you know it
It's a weird world and it won't slow down
It's a weird world no matter how you roll it
Hey hey hey sweet baby
There's a way, just stand up and fight it
Hey hey hey
Never give up and don't let it wear out, your love

I'm closing my eyes but I'm starting to see
While he's looking at you, she's looking at me
The only thing he does is just keep me away from you
'Cause you're part of this place
But if I die, don't let them take away your beautiful
smile
Take away your beautiful smile
Take away your beautiful smile

Hey hey hey sweet baby
There's a way just stand up and fight it
Hey hey hey sweet baby
There's a way for you to decide it
Hey hey hey
Never give up and don't let it wear out, your love

(Hey hey hey)
It's a weird world don't you know it?
(Hey hey hey)
It's a weird world don't you know it?
(Hey hey hey)
It's a weird world don't you know it?
Hey hey hey
