When I first met you
My life turned a page
Chapter one was how true love was made
You taught me with your kiss
Things about romance I missed
You knew everything from A to Z
What pleases you and what pleases me
Girl when you touched me
I began to understand, oh

Chorus

You, you wrote the book on love
And I want to read every word
So I know everything about you
You, you wrote the book on love
Girl I just can't get enough of your love
I know you wrote the book on love

Each time I hold you I find something new
'Cause I know what I love about you, baby
Girl I discover you bring out the lover in me, yeah
You're like a fire that burns in my soul
Like a volcano, I'm ready to blow
'Cause everytime I look at you
I feel love I can't explain, oh

Chorus

I hear what your heart is saying to me
I see the picture so clearly
I'm thirsty for the knowledge
True love brings
What you're near me

Chorus
