Daylight overwhelms my soul  
I'm taken by emotion  
Mystified, I struggle to respond  
And weep at Your perfection  
Your work is wonderful  
I marvel at the world I see  
It stirs my heart to sing  
Chorus  
I stand amazed at the wonder of it all  
At the wonder of Your ways I stand in awe

Evident when Your children smile  
With precious light in their eyes

Innocence, revealing all the while  
Your gentle breath of life  
The gift of love and life

Chorus 2  
I stand amazed at the wonder of it all  
At the wonder of Your ways I stand in awe  
Father, be praised by the wonder in our eyes  
You show us love, You give us life

Show us love, give us life, show us love

Chorus 2
