We run around in circles
Stumble into hurdles
We can't move
Were trying to make it easy
Somehow we thought it would be
We battled our frustrations
Nobody's explanations could ever prove
Oh, I need to hard do this
Somehow the mark is missed

Stay, I just can't stand to let it end this way
We got some much more than love to lose
My heart is way passed bruised
Almost, to late
Oh, but it wont break
If you would only?Stay

Everybody goes through stages
We thumble through the pages
We can't see
Oh words can be deceiving
But u cant just stop belivein?
But hard times have their reasons
Roll in and out like seasons
So hold on
Oh together we can heal this
But I need your hand to feel this

Stay, I just can't stand to let it end this way
We got some much more than love to lose
My heart is way passed bruised
Almost, to late
Oh, but it wont break
If you would only?Stay

Ohhhh?Why don't you?
Stay, I just can't stand to let it end this way
We got some much more than love to lose
My heart is way passed bruised
Almost, to late
Oh, but it wont break?

Stay, I just can't stand to let it end this way
We got some much more than love to lose
My heart is way passed bruised
Almost, to late
Oh, but it wont break
If you would only?Stay?stay

Why don't you?stay
