I'm moving on up the right side  
Where money's no friend of mine  
I realise your importance  
I'm gonna leave what's left behind  
Ooh I'm going uptown downtown roundtown baby  
Shaking my head for you  
Now I'm understanding  
Love is the only way to lead a better lifestyle  
Nothing else for free can change your whole way of  
living  
The only security to lead a better lifestyle  
The best things in life are free  
Thank you for showing me  
You're giving me all new direction  
I'm leaving the rat race behind  
I'm giving it all up 'cause I've found  
A loving state of mind  
Ooh I'm going uptown down don't roundtown baby  
Shanking my head for you  
Now I'm understanding
