Sip a glass of cold champagne wine  
The rug that we lie on feels divine  
And there's no no no no, no parallel  
For we two  
Ecstasy the word of the night  
Ringing in our ears we're in flight  
And there's no no no no, no substitution  
For what we have  
No others can have

There's nothing like this  
There's nothing like this  
No-one could ever have  
What we have  
There's nothing like this

The lightest conversation has its flow  
Aural communication don't you know  
And I feel quite content  
Right now  
Stick with me and we'll make history  
An exclusive pair in love we will be  
And there's no no substitution  
For what we have  
No others can have

There's nothing like this  
There's nothing like this  
There's nothing like this  
Not even remotely like this

There's nothing like this  
There's nothing like this  
There's nothing like this  
And I feel quite content  
Just me and you baby  
And I wouldn't change a thing
