"Who I Am"

Simple.
Wild.
Bearing the heart of a child with imagination when it
gets to you
Moody.
Tender.
Ready to fight or surrender
But I never know the way I'm gonna feel

Supernova
When I feel good I get bolder
When I don't wanna smile and fake it anyway
'Cos this is who I am
This is who I am
This is where I stand
This is who I am
Oh this is who I am (nobody else)
This is who I am (who I am)
This is where I stand (where I stand)
This is who I am
