We wrote on the  
Corner of the table  
This is the only one  
That will last

For you, for me, for always  
Forever was meant for us  
But for us it went by too fast

[CHORUS]  
Don't say you don't remember  
I'll never love anyone else  
If you say you don't remember  
How can I go on living  
With myself

When we meet  
You always call me baby  
How could it be  
That you forgot my name

Before you go, be honest  
I belonged to you and believed  
That you felt the same

[Repeat CHORUS]

People never  
Stay the same forever  
Somebody always  
Loves a little more

Tonight, I need to love you  
Together, we'll find a way to  
Make tomorrow worth living for

[Repeat CHORUS 2x]
