I give myself to you
It's what I wanna do
You don't need no
Vows to hold me

You don't have to wear a sign
Saying that you're mine
I can feel it when you hold me

Knowing you're not
Really holding me
We can split so we
Don't split, you see

[CHORUS]

We're free, you and me
Free to come and go as we please
We're not forced to love each other
We just love each other naturally
Darling, we're free, you and me

Who has the right to say
We can't live this way
Married to this
Thing we feel now

I wonder would we stay
If we had to stay
Would we feel the
Way we feel now

Who could see us
And then disagree
This is love like
Love should always be

[Repeat CHORUS]

Who has the right to say
We can't live this way
Married to this
Thing we feel now

Who could see us
And then disagree
This is love like
Love should always be

We're free, you and me
Free to come and go as we please
We're free, you and me
Free to come and go as we please
