When the night falls it begins
I need you
To keep me company
And there's a full moon
I wanna make it up to you
Start over
And all you've got to do
Is give a damn
You know where I am
You've nothing to lose if you
Call me, Yeah ...
I wanna be the one you need
And we could find love on the line
You've nothing to lose
Call Me
Call Me, Call Me
I wanna be the one you need
And we could find love on the line
... love on the line

Time heals what you feel
So slowly
I have been faithfully
Thinking of you
I wanna lie here next to you
Get closer
We've got so much to say
Communicate before it's too late

You've nothing to lose if you
Call me, Yeah ...
I wanna be the one you need
And we could find love on the line
You've nothing to lose
Call Me
Call Me, Call Me
I wanna be the one you need
And we could find love on the line

You've nothing to lose if you
Call me, Yeah ...
I wanna be the one you need

And we could find love on the line
You've nothing to lose
Call Me
Call Me, Call Me
I wanna be the one you need
And we could find love on the line
Call Me, Yeah

... thinking of you

Call Me ...

And there's a full moon ...
